Contact Zara on 07450 980807 for more information  
or to ask any questions

# South Petherton Youth Parish Council...

...Is a small group of Parish young people who come together fortnightly to discuss, make opportunities and change for young people in their community. This is a vital resource for the village as clearly these voices are an important part of the future. They are currently working on supporting the Parish Council on bringing a skate park to the recreation ground for all as well as organising and running events for young people throughout the year (summer activity day, Halloween party, skittles night). We encourage members to join from the age of 11-17 years and they can do so by enquiring at the youth centre directly or to [Zara Coulson on 07450 980807](#) know that “not all young people are the same” and in this group have their differences respected and voices heard.
